

How have you been since the election? What feelings have the election results triggered in you and what do they mean for you and your life?

Would you like to share a short statement and become part of my project?

Description of the project:

I am Olivia and I am currently doing an internship at Friedenskreis Halle e.V.

After the elections, I felt very powerless and frozen and I noticed these and many other emotions among people around me. I also heard people talking about their fears and concerns and wondered how the election result would affect different realities of life (age, nationalities, etc.).

This gave rise to the idea for a project in which I want to make people and their emotions and concerns visible.

For this, I am looking for people who want to tell me about the reality of their lives. This can take many different forms: a short video (max. 30 seconds), a voice message (max. 30 seconds), a short text (max. 5 sentences) or a personal conversation with me. (see appendix for more information) You can decide for yourself whether you want to participate anonymously or in a visible. Depending on the feedback, I will consider the form of further use and preparation of the statements. The aim is to make this as multimedia and diverse as possible in order to reach a large target group.

Why is this project important?

Visibility ist needed, because

- it creates reality for different affections
- formulating feelings helps with processing
- it is a form of activism
- it creates opportunities for identification

What do I need from you?

I am contacting you with my project idea because I hope that you are or know people who have something to say about it. Please feel free to connect me with people who would like to participate in the project, or forward this email to your mailing list or to potentially interested people. Attached you will find all information on how to proceed. Please send me your contributions by 12.07.24 at the latest. If you have any questions, please send me an e-mail.

What do you get out of it?

I will be happy to make the material available to you at the end, if you want to participate as an organization and make a statement, it will serve your publicity. I perceive a great need for exchange and communication among private individuals. This can be addressed to some extent with this project.

**Friedenskreis
Halle e.V.**

Project "Voices after the elections - a project to visualize the different ways people are affected"

Cool, that you want to support me and become part of my project. In this document you will find all the information on how to proceed.

Your submission...

... can deal with the following questions:

How did you feel when you saw the election results? What feelings did it trigger?
Do you feel affected? Could things change for you as a result of the rise of right-wing parties?
Do you have friends or acquaintances who have talked to you about their fears and worries after the election?
What are your fears and worries?

... can be submitted in the following form:

Text form: max. 5-7 sentences (as a document or email)

Audio file: max. 30-45 seconds (in the form of a voice message or audio file)

Video: max. 30-45 seconds (you are welcome to speak into the camera yourself or show something you talk about in the video)

You are welcome to choose the form that you like best and is most feasible for you, you can decide for yourself whether you want to remain anonymous or be recognizable with your voice or face.

Send your statement by 12.07.2024 by e-mail to:

olivia.graf@friedenskreis-halle.de

If you have any questions about the project, technical implementation or anything else, please feel free to send me an email.

Thank you for your support
Olivia Graf
